ABOUT ME

1 year of experience as a passionate front-end developer. I've worked as a freelancer and on team projects. Proficient in HTML, CSS, Bootstrap, JavaScript, and front-end frameworks like React. Seeking exciting opportunities to create exceptional web experiences.

JOB EXPERIENCE

TECHPRO EDUCATION

May-November 2023

Internship, Remote

During my remote front-end development internship, I gained valuable experience in creating compelling and responsive user interfaces. I worked closely with a remote team to design and implement essential features.

My role involved coding in HTML, CSS, and JavaScript to enhance the visual appeal and interactivity of websites. I also had the opportunity to contribute to the integration of front-end frameworks like React, leading to more dynamic and interactive projects.

FRONTEND WEB DEVELOPER freelance

2023 -Present

I took on a freelance project to design and develop the website for afarhalkdernegi.org, a small association, using React. My role involved translating their mission and goals into a user-friendly and visually appealing online presence.

This experience allowed me to strengthen my web development skills with a focus on React.
